

# TODOPATH

KEEP YOUR PRIORITIES IN TRACK

## CREATE YOUR OWN LISTS

Don't get your todos mixed up! Create separate lists for different topics, and easily manage your todos.

## SORT BY PRIORITY

Never lose sight of your most important tasks. Assign priorities and easily sort through them.

## ALARMS & NOTIFICATIONS

Set up alarms or notifications to get reminded of important tasks.

## MAPS & CONTACTS

Synchronize by location or contact, to keep track of where and with whom your task are due.
